**THE FOLLOWING MINUTES ARE A SUMMARY OF ACTIONS TAKEN BY THE DISTRICT EVALUATION SUBCOMMITTEE. AN AUDIO RECORDING OF THE MEETING IS AVAILABLE FOR LISTENING AT SCAG'S DOWNTOWN OFFICE.**

The District Evaluation Subcommittee held its meeting at SCAG's downtown Los Angeles office with video-conferencing at SCAG's Regional Offices.

**Members Present**

Hon. Larry McCallon ( <b>Chair</b> )	San Bernardino County
Hon. Barbara Messina	Los Angeles County
Hon. Leroy Mills (via video-conference)	Orange County
Hon. Carl Morehouse (via video-conference)	Ventura County
Hon. Ron Roberts (via video-conference)	Riverside County
Hon. Cheryl Viegas Walker (via video-conference)	Imperial County

**CALL TO ORDER & PLEDGE OF ALLEGIANCE**

Hon. Larry McCallon, Chair, called the meeting to order at approximately 1:00 PM. Hon. Leroy Mills requested that a roll-call be taken.

**PUBLIC COMMENT PERIOD**

There were no public comments.

**REVIEW AND PRIORITIZE AGENDA ITEMS**

There was no reprioritization of the agenda.

**ACTION ITEMS**

1. Election of Vice-Chair  
Hon. Carl Morehouse nominated Hon. Leroy Mills as Vice-Chair. The nomination was approved by majority consensus.
2. Current Population of Regional Council Districts  
Recommended action was to consider the option to maintain a desired population range of 200,000 – 300,000 people per Regional Council District, transmit information to the subregional organizations for their input, and return to the Subcommittee with recommended changes to the current Regional Council District compositions.

By majority consensus, the Subcommittee recommended that a population range of 200,000 – 300,000 people per Regional Council District be maintained, request feedback

from the subregional organizations, and return to the Subcommittee with recommended changes to the current Regional Council District compositions.

#### **CHAIR'S REPORT**

There was no report provided.

#### **STAFF REPORT**

Joann Africa noted that she had heard from staff at the City of Santa Clarita who indicated that the City may be considering submitting a proposal to SCAG for the City to be its own Regional Council District.

#### **FUTURE AGENDA ITEMS**

Councilmember Barbara Messina states that she had a paper regarding Subregion Fact Sheet for the Subcommittee's review. Chair McCallon noted that his initial thoughts were that the subject matter was not within the jurisdiction of the District Evaluation Subcommittee. He asked staff to review and distribute the paper to the Subcommittee members, and for staff to return next month with a determination of whether the matter was appropriate for the District Evaluation Subcommittee to consider or whether the matter should be addressed by another SCAG committee.

#### **ANNOUNCEMENTS**

There were no announcements.

#### **ADJOURNMENT**

The Chair adjourned the meeting at approximately 1:45 PM.

**SUBJECT:** Review of Proposed Changes to Regional Council Districts

---

## RECOMMENDED ACTIONS:

- (1) Review information and provide direction to staff, including direction regarding the proposal by the Western Riverside Council of Governments (WRCOG) subregion to add two additional Regional Council Districts (Districts #68 and #69) and the proposal by the City of Santa Clarita to be its own single city Regional Council District; and
- (2) Make final Subcommittee recommendation to be presented to Regional Council on October 3, 2013.

## EXECUTIVE SUMMARY:

*Last month, the District Evaluation Subcommittee approved a desired population range of 200,000-300,000 per RC District. Staff was directed to obtain input from the applicable subregional organization regarding any possible recommended changes. Staff has received input from all subregional organizations. WRCOG seeks to make changes to the current composition of its RC Districts based upon its population growth. The proposed changes by WRCOG would result in the addition of two additional RC Districts, for a total of 69 District on the SCAG Regional Council. In addition, the City of Santa Clarita seeks to be its own single city RC District based upon its growing population.*

## STRATEGIC PLAN:

This item supports SCAG's Strategic Plan; Goal 1: Improve Regional Decision Making by Providing Leadership and Consensus Building on Key Plans and Policies; Objective a: Create and facilitate a collaborative and cooperative environment to produce forward thinking regional plans.

## BACKGROUND AND SUMMARY:

The SCAG Bylaws provide that the Regional Council must review the current composition of the Regional Council Districts based upon the current city population data from the State Department of Finance in years ending in 3 and 8.

SCAG's Bylaws also provide that "a [Regional Council] District shall be established by the Regional Council and *be comprised of a group of cities that have a geographic community of interest and have approximately equal population.*" (Emphasis added). This is based upon the principle of proportional representation, or a "one person, one vote" system whereby each person's vote counts as much as another person's vote. The Bylaws also state that a Regional Council District "may be comprised of cities within different counties, but Districts established by subregions ... shall include only cities within the boundaries of such subregions." Finally, the SCAG's Bylaws has established a maximum of 70 Regional Council Districts and provides subregional organizations the authority to make recommendations to the Regional Council as part of the District Evaluation process. There are currently 67 Regional Council Districts.

# REPORT

Last month, the Subcommittee approved a desired population range of 200,000 to 300,000 people per Regional Council District. SGAG thereafter sought the input from subregional organizations regarding any changes to the current composition of the RC Districts in their respective subregion. SCAG staff has heard back from all subregional organizations on the matter. With the exception of the WRCOG subregion and the City of Santa Clarita (which is in the North Los Angeles County subregion), no changes are being proposed by the subregions and each seek to maintain the current composition of their RC Districts.<sup>1</sup> It should be noted that while there are some Districts in these subregions whose populations are outside of the recommended population range (that is, Districts that are under 200,000 or over 300,000 in population), no changes were proposed for a variety of reasons including to maintain a geographic community of interest or the boundaries of the subregion. In reviewing the matter, SCAG staff supports the position of these subregions in seeking to maintain the status quo.

### Proposal by WRCOG subregion

WRCOG currently has four RC Districts, namely, Districts No. 3, 4, 5 and 63. WRCOG also has 4 of the 5 most populated RC Districts of SCAG’s current 67 Districts which are all above the desired population range. Specifically, based upon current population figures, the five most populated RC Districts are as follows:

• District 4 (WRCOG subregion)	493,078
• District 3 (WRCOG subregion)	347,132
• District 19 (OCCOG subregion)	346,161
• District 63 (WRCOG subregion)	338,487
• District 5 (WRCOG subregion)	336,805

WRCOG proposes to change the current composition of its RC Districts so that the populations of its Districts are more aligned with the desired population range, which results in the WRCOG subregion having two additional RC Districts. WRCOG’s proposal is described below as well as illustrated in the attached map (see Attachment 1).

<sup>1</sup> The following subregional organizations informed SCAG staff that they recommended no changes to the current composition of its RC Districts: Arroyo Verdugo subregion, City of Los Angeles, Coachella Valley Association of Governments, Gateway Cities Council of Governments, Imperial County Transportation Commission, Las Virgenes Malibu Council of Governments, Orange County Council of Governments, San Bernardino Associated Governments, San Gabriel Valley Council of Governments, South Bay Cities Council of Governments, Ventura Council of Governments, and Westside Cities Council of Governments. The North Los Angeles County subregion had originally informed SCAG staff that no changes were recommended for its Districts; however, the City of Santa Clarita submitted a proposal for a change to District No. 67 on September 25, 2013.

SCAG staff finds that WRCOG's proposal to be reasonable not only in that it bring the populations of its District more aligned with the desired population range, but it also maintains the geographic community of interests of its Districts as well as maintains the subregional boundaries of the WRCOG subregion. In addition, the proposed change in composition would not require any change in the current RC District representation for Districts Nos. 3, 4, 5 and 63. For these reasons, SCAG staff supports WRCOG's proposed changes.

**Proposal by the City of Santa Clarita**

Last week the City of Santa Clarita submitted a proposal for it to be its own Regional Council District, on the basis of its growing population. Specifically, the City notes in its letter dated September 25, 2013 (see Attachment 2) that given its current population of 204,000 which is at the lower end of the desired population range, it would be appropriate for it to for a single city RC District. Santa Clarita cites to

# REPORT

examples of other current single city Districts such as District No. 14 (Irvine) whose populations exceed 200,000.

The City of Santa Clarita is currently part of District No. 67 along with the City of San Fernando. Santa Clarita's letter is silent as to which District the City of San Fernando would move to. District No. 67 is one of two RC Districts in the North Los Angeles County subregion, the other being District No. 43 comprised of the cities of Lancaster and Palmdale. In order to maintain the subregional boundaries of North Los Angeles County, should the City of Santa Clarita's proposal be approved, San Fernando would need to be moved to District No. 43. The current population of District No. 43 is 313,165 which is above the desired population range, and adding San Fernando to this District would make the total population 337,244. It should also be noted that there are currently cities whose populations exceed 200,000 but are not single city RC Districts. For example, the City of San Bernardino with a current population of 212,639 is part of District No. 7, along with the City of Highland. Similarly, both the cities of Fontana and Oxnard have populations exceeding 200,000 but are not single city Districts (they are in Districts Nos. 9 and 45, respectively). For these reasons, SCAG staff has concerns with the City of Santa Clarita's proposal and seeks direction from the District Evaluation Subcommittee. Representatives from Santa Clarita will be in attendance at today's meeting to speak about its proposal.

## **FISCAL IMPACT:**

Work related to the District Evaluation process is funded from the FY 13-14 General Fund Budget.

RE: SCAG Redistricting - District 67

Frank Ferry  
Councilmember

Dear Chairman McCallon:

Marsha McLean  
Councilmember

I am writing to request that the City of Santa Clarita be placed within its own, single city Regional Council District. Currently, the City of Santa Clarita and City of San Fernando comprise District 67, which was formed in 2008.

The City of Santa Clarita has experienced significant growth since the last redistricting was conducted by SCAG in 2008. Santa Clarita's population currently stands at approximately 204,000, making the City the third most populous of the eighty-eight municipalities in Los Angeles County; behind the cities of Los Angeles and Long Beach. According to the California Department of Finance, the City of Santa Clarita was California's fastest growing municipality in 2012. It is anticipated that significant population growth will continue into the foreseeable future.

At your meeting of August 14, 2013, the Southern California Association of Governments (SCAG) District Evaluation Subcommittee reaffirmed that the ideal size range for SCAG Regional Council Districts should be between populations of 200,000 to 300,000. Given Santa Clarita's almost doubling population between 1990 and 2013 (from 110,000 to 204,000), coupled with continued growth into the immediate future, and having achieved the lower end threshold of the SCAG preferred population range, it appears appropriate to form a single city district for Santa Clarita. In Orange County, a precedent exists for forming single city districts with populations in the range of Santa Clarita's as both the cities of Huntington Beach and Irvine enjoy single city Regional Council District status.

The Honorable Larry McCallon  
September 25, 2013  
Page 2

You may recall that earlier this year, the By-Laws and Resolution Committee and Regional Council discussed proposals to enable Santa Clarita to enhance its participation at SCAG. At that time, it was suggested that an appropriate forum for addressing Santa Clarita's desire to have a more active role in SCAG would be during the redistricting process.

Thank you for your consideration of my comments. We look forward to working with the committee and SCAG staff in the coming weeks on this important issue. Should the committee or staff require any further information regarding this request, please contact Santa Clarita Intergovernmental Relations Officer Michael P. Murphy at (661) 255-4384 or [mmurphy@santa-clarita.com](mailto:mmurphy@santa-clarita.com).

Sincerely,

Bob Kellar  
Mayor
